Call for projects
Submissions will be received from 10th March 2020
(Deadline 10th September 2020)

N° 1 - Basic research in cardiology (€ 15,000 single center - € 20,000 multicenter)
The call concerns non-commercial projects for basic research in the field of cardiovascular pathology. This research encompasses scientific disciplines such as biochemistry, physiology, and pharmacology and their interplay, and involves laboratory studies with cell cultures, animal studies or physiological experiments. Patients are not in the centre of the study but biological samples (e.g. blood) can be used for this purpose.

N° 2 - Clinical research in cardiology (€ 15,000 single center - € 20,000 multicenter)
The call concerns non-commercial projects for clinical research in the field of cardiovascular pathology. The research must be centred on the patients and aimed to determine the role of medication, intervention, diagnosis, symptoms or prevention in the physiological or pathological processes of the cardiovascular system.

N° 3 - Research in cardio-oncology (€ 15,000 single center - € 20,000 multicenter)
The call concerns non-commercial projects in the field of cardio-oncology. The research can be centred on basic insights in cardio-oncology or cover broad aspects related to the clinical practice.

N° 4 - Research in sports cardiology and associated cardiovascular diseases (€ 15,000 single center - € 20,000 multicenter) The call concerns non-commercial projects in the field of sports cardiology and in the field of sudden cardiac death in young (<40y) people

N° 5 – Fund for Research in Cardio-Oncology; managed by the King Baudouin Foundation Translational and clinical research in cardio-oncology (€ 260,000)
The research may concern the care and cure for cancer patients developing a cardiotoxicity as well as the care and cure for cancer patients with a pre-existing cardiac condition.
