## BHF and KBF Call for projects

### **N° 1 – BHF Basic research in cardiology (€ 15.000 single center - € 20.000 multicenter)**

The call concerns non-commercial projects for basic research in the field of cardiovascular pathology. This research encompasses scientific disciplines such as biochemistry, physiology, and pharmacology and their interplay, and involves laboratory studies with cell cultures, animal studies or physiological experiments. Patients are not in the centre of the study but biological samples (e.g. blood) can be used for this purpose. *For further information and submission platform access, please click on the following link: [Web page Call 1](#)*

### **N° 2 – BHF Clinical research in cardiology (€ 15.000 single center - € 20.000 multicenter)**

The call concerns non-commercial projects for clinical research in the field of cardiovascular pathology. The research must be centred on the patients and aimed to determine the role of medication, intervention, diagnosis, symptoms or prevention in the physiological or pathological processes of the cardiovascular system.

*For further information and submission platform access, please click on the following link: [Web page Call 2](#)*

### **N° 3 – BHF Research in cardio-oncology (€ 15.000 single center - € 20.000 multicenter)**

The call concerns non-commercial projects in the field of cardio-oncology. The research can be centred on basic insights in cardio-oncology or cover broad aspects related to the clinical practice.

*For further information and submission platform access, please click on the following link: [Web page Call 3](#)*

### **N° 4 – BHF Research in sports cardiology (€ 15.000 single center - € 20.000 multicenter)**

The call concerns non-commercial projects in the field of sports cardiology and in the field of sudden cardiac death in young (<40y) people

*For further information and submission platform access, please click on the following link: [Web page Call 4](#)*

### **N° 5 – KBF “Fund for research in cardio-oncology”; Translational and clinical research in cardio-oncology (support of 2 research projects, minimum of € 100.000 per project)**

The research may concern the care and cure for cancer patients developing a cardiotoxicity as well as the care and cure for cancer patients with a pre-existing cardiac condition.

*For further information and submission platform access, please click on the following link: [Web page Call 5](#)*
