

The Belgian Heart Fund was created by the Belgian Society for Cardiology to stimulate research in various domains of cardiology. The Belgian Heart Fund is hosted by the King Baudouin Foundation and is launching a call for 5 grants.

Call for projects

Deadline: 22nd September 2021

N° 1 - Basic research in cardiology (€ 15.000 single center - € 20.000 multicenter)

The call concerns non-commercial projects for basic research in the field of cardiovascular pathology. This research encompasses scientific disciplines such as biochemistry, physiology, and pharmacology and their interplay, and involves laboratory studies with cell cultures, animal studies or physiological experiments. Patients are not in the centre of the study but biological samples (e.g. blood) can be used for this purpose.

N° 2 - Clinical research in cardiology (€ 15.000 single center - € 20.000 multicenter)

The call concerns non-commercial projects for clinical research in the field of cardiovascular pathology. The research must be centred on the patients and aimed to determine the role of medication, intervention, diagnosis, symptoms or prevention in the physiological or pathological processes of the cardiovascular system.
