INVITATION

11th Update Symposium Cardiopulmonary Exercise Testing

Saturday March 26th, 2022 at Acertys

The Working Group on Cardiovascular Prevention and Rehabilitation of the Belgian Society of Cardiology joins forces once again with Acertys Healthcare to organise the **11th Update Symposium Cardiopulmonary Exercise Testing**.

Theoretical background and practical issues concerning exercise tests will be presented and discussed, together with some interesting case studies.

Due to the multidisciplinary character of these exercise tests, this course is intended for cardiologists, pulmonologists, sports doctors, physiotherapists, nurses, students and technicians.
