

8:30 – 09:00 Registration and welcome coffee

General Assembly

Welcome - W. Desmet

RUBENS ROOM

Contemporary PCI

Chairs: P. Kayaert, O. Gach

Hybrid revascularization

Y. Bataille

The true value of angio-based FFR

K. De Wilder

CT-guided PCI

C. Collet

SONAR-trial

J. Bennett

10:30 – 11:15 Coffee Break

Tools and techniques in PCI

Chairs: P. Agostoni, W. De Wilde

Orbital atherectomy: **live case** from UCL, Saint-Luc

C. Pirlet, F. Maes

Bifurcation treatment in daily practice

J. Bennett

Rarely needed, but needed: snares, coils, dedicated MC...

J. Dens

13:00 – 14:00 Lunch

TAVI

Chairs: N. Van Mieghem, I. Buyschaert

Live case from UCL, Saint-Luc

VIV TAVI with fracking

J. Kefer and C. Dubois

TAVI as golden standard for AVR? Evolving patient selection and long-term durability

N. Van Mieghem

How to manage failed TAVI devices

B. Ferdinande

15:30 – 16:00 Coffee break

TAVI in the setting of multivalvular disease

E. Prihadi

The rapid didactic case

Infolding - P. Agostoni

Sizing in Bicuspid Valve? – M. Vanhaverbeke

Belgian science in TAVI

Coronary lesions, revascularization and 5-year outcome post TAVI – L. Minten

PACE-TAVI study - I. Buyschaert

Wrap Up W. Desmet 17:00

ROMBOOTS ROOM

Diagnostic and therapeutic challenges

Chairs: J. Bosmans, J. Dens

Snare facilitated aortic valve crossing

E. De Cock

Percutaneous closure of aorto-atrial fistula

M. Vanhaverbeke

Rotational atherectomy perforation

J. Tahon

10:30 – 11:15 Coffee Break

Nursing session

Chairs: T. Van Hecke, M. Mulkers

TAVI in ambulatory daycare: faraway dream or reality?

V. Floré

Distal radial artery access in coronary angiography

D. Pas

Robot assisted PCI

E. Wyffels

Imaging in Interventional Cardiology Quiz

T. Adriaenssens

12:30 – 13:30 Lunch

Session on radioprotection

Chairs: W. Desmet, F. Stammen

Reducing the dose to the patient and the staff with special attention to eye lens dose

E. Honorio Da Silva

Dose Minimization through technology :

by Siemens: J. Lambrecht

by Philips: F. Manni

by GE: R. De Bock

by Canon: Y. Pijlman

15:30 – 16:00 Coffee break

Challenges and Complications

Chairs: Y. Bataille, O. Gach

CARTO-guided recanalization of PV occlusion

E. De Cock

Coronary CT-guided PCI

J. Sonck

Retrograde “ping pong” technique

C. Ungureanu

8:30 - 09:00 Registration and welcome coffee

RUBENS ROOM

Transcatheter Tricuspid Valve Intervention

Chairs: J. Kefer, U. Schäfer

Optimal selection of patients for transcatheter treatment

U. Schäfer

Live-in-a-box: transcatheter edge-to-edge repair with PASCAL

L. Rosseel

Tips for TEE during tricuspid intervention

P Debonnaire

Live-in-a-box: VDyne

J. Vanderheyden

10:30 – 11:15 Coffee Break

Transcatheter Mitral Valve Intervention

Chairs: C. Dubois, J. Vanderheyden

Live case from UCL, Saint-Luc:

Transcatheter edge-to-edge repair with MitraClip

C. Beauloye and A. Aminian

What is the current evidence and where are we heading with transcatheter techniques for the mitral valve?

U. Schäfer

Live-in-a box: HighLife valve implantation

C. Dubois

13:00 – 14:00 Lunch

Aorto-ostial lesions treatment

Chairs: P. Agostoni, P. Kayaert

Live case from UCL, Saint-Luc

J. Dens, S. Kautbally

15:00 – 15:30 Coffee break

CT guided ostial stent positioning

D. Van Den Buijs

Complex PCI and upfront 3-D printing

C. Ungureanu

IVUS –guided ostial interventions

S. Carlier

Miscellaneous tricks in ostial lesions

P. Kayaert

Recanalisation of ostial RCA occlusion

C. Zivelonghi

Wrap Up W. Desmet 17:00

ROMBOUS ROOM

Contemporary PCI

Chairs: P. Sinnaeve, P. Vranckx

Access and closure techniques

A. Aminian

Optimal duration of DAPT

P. Vranckx

Ultracolor trials

T. Meijers

Woest-3

W. De Wilde

10:30 – 11:15 Coffee Break

Teaching Session

Chairs: W. Desmet, I. Buysschaert

INOCA

T. Bringmans

Minimal contrast PCI

G. Coletti

Guide extension: when and how to use?

K. Cornelis

FlowTrier for pulmonary embolism

F. De Roeck

The COL BE PCI trial

I. Buysschaert

13:00 – 14:00 Lunch

More nightmares: Complication cases

Chairs: Y. Bataille, F. Stammen

LAD perforation during primary PCI

F. De Roeck

Bailout implantation of infolded transcatheter valve

A. Moroni

Balloon segment embolization for perforation

E. Poletti

15:00 – 15:30 Coffee break

Ethics and Economics

Chairs: C. Pirlet, K. Cornelis

Same day discharge after PCI

O. Bertrand (Quebec)

Short stay TAVI: economics vs. risk

L. Rosseel

Imposed networks: burden and fake benefit?

O. Gach

Ethical and economical aspects of FFR/RFR

J. Sonck
